WALVISBAY ROUTE ITINERARY

HIGHLIGHTS

This tour is specially hosted for a catch & release fishing experience at MEOB BAY. Coastal Scenery, Dune Driving, Shipwrecks, Abandoned Mining Towns, Catch & Release fishing and a stay at the fully equipped tented camp in Meob, including generator electricity, warm water and flush toilet facilities.

ITINERARY

Our Walvisbay tour is a very relaxed tour where we spend less time navigating the desert and more time at leisure in the camp and the surrounding area. It is also our best option for the serious fishing enthusiast as the camp is located in Meob Bay - one of the best rock and surf fishing spots on the African West Coast. We angle strictly according to concession rules and offer catch and release opportunity to hook some of the best specimen of Atlantic fish species. For the 4x4 enthusiast we do still have plenty of opportunity with some serious dune driving areas near our camp location.
